FY 2016 Financial Plan Highlights

- This is a Work Plan and Financial Plan combined. It is not technically a budget because ATCOG does not have taxing or oversight authority.

- As required by legislation, it presents each grant’s objectives, work tasks, performance measures, implementation schedules, human resource requirements and budget information.

- Within each State or Federal grant that we administer, the funding agency regulates the categories in which we are allowed to spend funds. The funding source has complete oversight for the individual grant programs.

1. This Plan includes recommended merit step increases for several staff as funds permit within the separate grant programs. Funding is not provided for an across-the-board Cost of Living Adjustment (COLA) to the Salary Schedule. The last COLA was given for FY2010.

2. Changes in funding from the prior year include: 9-1-1 Emergency Communications will receive a $244,218 increase; Homeland Security funding will increase $62,731, Transportation Systems will utilize an increase of $101,468, Special Projects Programs have an increase of $74,915. Decreases in funds utilized are in the Housing Program of $290,241, Criminal Justice $29,040, and Economic Development $87,136.

3. ATCOG’s health care provider continues to be Texas Municipal League (TMLIEBP). Premiums for our basic medical and dental plan were increased slightly for this coming year by 3.6%. Rates for life and AD&D were unchanged. ATCOG pays a defined contribution amount of $629.82 per month for each employee’s basic medical and dental insurance rate of $548.96 per month, with the
remaining $80.86 deposited into a Health Savings Account (HSA). Employees have the option to “buy up” to a medical plan with less deductible and/or out of pocket and to make extra contributions to their HSA. Additional premium cost over $629.82 per month will be paid by the employee.

4. The published Indirect rate decreased to 3.6%, down from 5.2%.

5. The Benefit rate increased to 56.8%, up from 48.2%.

6. ATCOG’s mileage reimbursement remains $.45 per mile.

7. Hotel reimbursement and out-of-town meal allowances will continue to follow the General Appropriations Act, Senate Bill 1, Article IX. The Act requires agencies to use the General Services Administration federal travel rates to determine the maximum meals and lodging reimbursement rates.
